A. COMPANY INTRODUCTION

Setraa Al-Amal Manufacturing Co. was primarily established under the name of **AL AMAL for Electrical Panel Boards** in **1977** under License No: **142** of Ministry of Industry, as Manufacturer of Low Voltage Panel Boards.

Setraa Al-Amal Manufacturing Co. commitment to **Safety** and **Reliability** has seen it grow to be a leading supplier for public and private sectors, Commercial and Industrial Buildings, Factories, Hospitals, Water Pumping Stations, Waste Treatment Plants, Stadiums, Hotels, Malls, Residential Complexes, Schools, Universities, in Saudi Arabia and Arab Region.

Now **Setraa Al-Amal Manufacturing Co.** is registered under Ministry of Industry License CR1010218463.

SETRAA AL-AMAL MANUFACTURING CO. has up to date machinery used to manufacture products that are up to the Saudi and International Standard requirements.

Our dedication to investing in human resources, gave us a staff that comprises highly qualified and trained professionals who make sure that the quality of our products is more than satisfactory.

It is our constant Endeavour to achieve total customer satisfaction by offering competitively priced systems along with technical support during design and installation.

SETRAA AL-AMAL MANUFACTURING CO. is successfully active in Major Market Sectors such as:

- ✓ Hospitals
- ✓ Banks
- ✓ Computer environment
- ✓ Industrial applications
- ✓ Military requirements
- ✓ Residential Projects
- ✓ Communications
- ✓ Agricultural & Irrigation
- ✓ Sewage Pumping Stations

SETRAA AL-AMAL MANUFACTURING CO.'s philosophy is one of quality through *SPECIALIZATION* and *COMMITMENT* to customer support.

Specialization:

SETRAA AL-AMAL MANUFACTURING CO. CO. is dedicated to provide products for all types of organizations, working with specialist suppliers to provide a variety of solutions to areas such as manufacturing, distribution, commercial & residential complexes, etc...

Commitment:

Setraa Al-Amal Manufacturing Co.'s commitment to accept industry standards as the corner stone of its market sector, made it to be in a unique position with the use of efficient up to date technology.

Strategy:

CUSTOMER SATISFACTION is the top priority for **Setraa Al-Amal Manufacturing Co.** The focus on high performance products gives us market leadership with a reputation of unrivalled support services. The extensive industrial and commercial experience is brought into practice while discussing the customer's needs enabling correct and accurate advice on the optimum use of the offered products.

Setraa Al-Amal Manufacturing Co. with its knowledge of available equipment produced by a wide range of manufacturers, its experience ensures the highest possible integrity. The company provides a single point of contractual responsibility and communication during implementation. Through coordinated sub-systems, we ensure the guarantee of successful integration using compatible hardware and software.

The Future:

Setraa Al-Amal Manufacturing Co.'s sales mission is to service its customers by out fitting their needs and ensuring on-time target delivery and installation of equipment. In the foreseeable future this mission will be interpreted as a mandate to build market support for the clients.

Setraa Al-Amal Manufacturing Co.'s marketing program is advertising, public relations, direct mail and other areas contributing to increase market awareness and achieving steady and furthermore growing sales targets on which the company can capitalize for its growth and future.

B. PRODUCT RANGE AND STANDARDS

Setraa Al-Amal Manufacturing Co. provides the full range of low voltage distribution panels, starting at the initial source of electricity and ending at the final branch distribution panel, thus passing through the following phases:

- Generation • Synchronization panels – Totalizing Panels.
- Source selection • Automatic Transfer Switches (ATS's)
- Distribution • Main Distribution Switchboards
• Sub Main Distribution Switchboards
- Control • Motor Control Centers (MCC's) – including
Soft Starters, Variable speed drives.
- Compensation • Capacitor Banks
- Final Distribution • Final Branch Distribution Panels

The full range of Low Voltage Distribution Switchboards can be supplied in Both:

- **PTTA:** Partially Type Tested Assemblies.
- **TTA:** Totally Type Tested Assemblies.

In compliance with IEC 439-1 Standards.

WE ARE COMMITED TO PROVIDE OUR CLIENTS WITH:

- ✓ **Full Technical Quotations** Including Detailed Component list (Description, Catalogues and Brand Name), Busbars (Size and Temperature Range), Enclosure (Type, IP, Brand name, Mode of Installation).
- ✓ **Full Technical Submittals** Including Detailed Quotations, Shop Drawings (Layout, Power Diagrams, Control Diagrams), Catalogues.
- ✓ **Full As Built Drawings** Including all Technical Specifications, Drawings amended and finalized as per the supplied Switchboards, which provides Reliable Records for Installation, Cabling, and future Maintenance or Expansion.

Each Switchboard is submitted to the following tests required by the international rules (IEC 439-1) in addition to several other important tests.

- Overall inspection (including Functional Test)
- Dielectric Test at 2500V.
- Checking protection measures and electrical continuity of the protection circuits.

A Test Certificate is delivered upon client request

E. QUALITY CONTROL:

All Switchboards and Control panels manufactured at **SETRAA AL-AMAL MANUFACTURING CO.** undergo a systematic process of inspection at each stage of their production. Starting from receiving material, quality inspection, Testing and commissioning. Our Quality Control team will ensure that the finished products will satisfy our customer.

The quality check is applied at four levels:-

- 1) Visual Inspection.
- 2) Conformity with the design.
- 3) Labelling and Marking/ Identification.
- 4) Connection inspection and tightening.
- 5) Functional test / including insulation test (High Voltage).

Attached is a sample of an “Inspection and Test Record”
